OTHER THINGS TO CONSIDER WHEN CHOOSING A CAREER PATH

You may improve your knowledge of your career choices based other factors such as income, education, and work environment. Follow these directions:

- From the main screen, click on EXPLORE CAREERS, then click on CAREER SELECTOR
- Select your favorite school subjects (hopefully 2 or 3)
- Click on OCCUPATION CLUSTERS, Select 2 or 3 areas in which you might be interested in working.
- Click on EDUCATION. Click on your planned level of education.
- Click on CORE TASKS. After reading, choose 3 – 5 tasks you would like to do regularly at work.
- Click on EARNINGS. Select the minimum level of income you would be willing to accept. Making it too high will greatly reduce options.
- Click on WORKING CONDITIONS. Select working conditions you could not tolerate.
- Click on VIEW RESULTS to see careers that match your selection.
- If you receive 0 matches, you are probably asking for an ideal situation. Ex. Try selecting a lower earnings level.
- Click on SAVE MY RESULTS
